

**THE LEMMON VOLUNTEER FIRE DEPARTMENT
PRESENTS
NORTHWEST DISTRICT FALL FIRE SCHOOL
8:00 A.M. SEPTEMBER 25 & 26
AT LEMMON**

**KRISS GARCIA AND REINHARD KAUFFMAN
POSITIVE PRESSURE ATTACK (PPA)**

Two days of training will be offered. Saturday the 25th will offer training for Lemmon VFD with some room for other participants (call for availability) and Sunday the 26th will commence the district school with the business meeting scheduled for the lunch hour.

This presentation will introduce, discuss, and clarify the concept of PPA. The format will include Q&A and practice scenarios with practical, hands-on live burns. Other ventilation techniques will also be covered, with a critical eye toward victim and firefighter safety. The presentation will look at data and include an in-depth discussion of precautions associated with PPA.

This training will also cover how to utilize PPA as a single company procedure and other aspects of operating at a fire utilizing PPA, including complex incidents with a multi-company response. Computer scenarios and live burns will be used to reinforce the multi-company application of making a coordinated fire attack

All burns are conducted in compliance with NFPA 1403. Students will complete individual and group activities to enhance learning.

Cost: \$50 per person

- **30 students per day may make entry in the live burn. These positions are available on a “first come, first served” basis.**
- **There are unlimited positions available for fireground support during the hands-on live burn portion of this training.**
- **Those who plan to participate in the hands-on portion of training, whether making entry or as fireground support, must have NFPA compliant turnout gear and a completed waiver. (see attached form)**

For further information, please contact Lemmon Fire Chief Chad Baumgarten at 605-222-9702 or by email at lfd@sdplains.com.
